DETAILED ACTION

The amendment filed on 05 July 2007 has been entered and overcomes the rejections to the claims.

Allowable Subject Matter

1. Claims 1-3, 5-7, and 10 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a substrate assembly for a gas discharge panel comprised of, in part, a protective layer of MgO having a porous body is arranged between an organic polymer dielectric layer and an inorganic dielectric layer to prevent direct contact with the organic polymer dielectric layer, along with the rest of the limitations of the claim.

Due to their dependency, claims 2-3, 5-7, and 10 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
